Linemaster Debuts Hercules (RF) Wireless Foot Switch

Written by: Kim Bishop

The Hercules (RF) Wireless foot switch is Linemaster's first radio frequency foot switch. The new unit offers up 40 feet of range and up to 400 hours of battery life, all while maintaining the same strength and durability you've come to expect from a Linemaster Hercules foot switch.

This wireless unit retrofits to most existing equipment with no additional calibration required – just plug and go! This unit can be used in multiple applications while eliminating tripping hazards. It is submersible for easy cleaning and is weather resistant for use in harsh environments.

FEATURES:

- Removes clutter of wires under foot
- Standard 10 foot, 16 gauge cable supplied with each receiver
- Standards are equipped with an OX Guard. Full and oversize guards are available upon request.
- Anti-trip and gated models available
- Momentary actuation- Contacts: single pole, double throw, up to 10 amp service.
- Available in up to 3 switch functions
- IP68 fully submersible in water (Transmitter)
- IPX1 Degree of Protection for Receiver
- 2.405 - 2.480 GHz
- System Supplied with AC Power Adapter
